The Mayflower Story

Mayflower Seafood was established in 1980 with one goal in mind; to make the customer feel as if they are part of the Mayflower family.

The Mayflower restaurant chain is family owned and operated. Therefore, the family wanted to share this type of relationship with you. A family oriented business, the Mayflower is no longer just a business with customers, but an environment of friends that has progressed with you in mind.

We've watched you grow and change throughout the years. We've been with you through births, weddings, anniversaries and birthdays. We've watched your children grow with delight and mourned for those who have passed on. You've shared your lives with us, now we would like to share ours with you. The portrayal of our growth will also be one of your own.

Join us as the years pass on and watch our family, just as we will watch your families grow and change in years to come!
